

2018 USA Flight Archery Championships

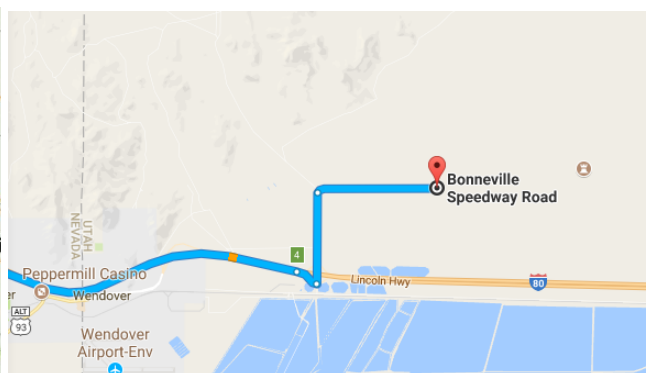

***USA Archery & World Archery
Regular Flight:***

***Friday, August 31st
through Saturday, Sept 1st***

USA Archery Broadhead Flight:

Sunday, Sept. 2nd

Location: Bonneville Flight Range, Exit 4 on I80, approximately 1 mile East of Wendover, Utah

Fees:

Adult registration fees are \$50. Registration fees include Four Rounds/Ends of Regular Flight and Two Rounds/Ends of Broadhead Flight. Youth (18 years and under) registration fees are \$15.

Contestants must be a current member of a [National Archery Association](http://www.naa.org) affiliated with World Archery or USA Archery. USA Archery membership costs are as follows:

- \$60 for a single adult membership
- \$40 for a youth (17 & Under) or Collegiate membership
- \$120 for a Family membership
- Additional reduced cost options are available for NFAA members.

Archery association membership registration is available on-site at the event, or may be purchased in advance through www.usarchery.org

Event Details:

All USA Archery and World Archery Flight Divisions are eligible to compete.

Please note: *The schedule may be modified at the time of the tournament to accommodate special circumstances such as extreme weather conditions.*

Contestants are limited to shoot one equipment division per scheduled round/end. Contestants have the option of choosing which equipment division to be shot for each round/end, provided the equipment has been registered prior to the round/end being shot. The contestant has the option to compete with the same equipment division for all scheduled rounds/ends, or entering and competing in a different bow division for each round/end. For example, one can choose to shoot a 50lb Modern Asiatic bow for all rounds scheduled, or shooting the first 2 rounds with the 50lb Modern Asiatic and the next 2 rounds/ends with a 18kg Flight Bow, or shooting each round/end with a different bow type and weight.

Any contestant wishing to shoot any additional equipment (for testing or other reasons) may do so in an exhibition or demonstration round/end outside of the scheduled rounds/ends of the regular tournament. No official results shall be recorded for exhibition or demonstration rounds/ends.

Separate shoot times are scheduled for equipment capable of extreme long distances (1000m+) and are scheduled to shoot at the beginning of each day from a dedicated shooting line in order to streamline the event and provide time to locate, measure, and retrieve arrows. Example: Footbow, Crossbow, Unlimited Flight bow.

-----------------	--

Additional Information:

While we hope for mild and dry weather, it is best to be prepared for an unpredictable mix of muddy terrain, high winds, dry hot temperatures, thunderstorms, and flooding. Be sure to bring plenty of water, sunscreen, and shade!
